

Lugarde Retail Prices including VAT and Delivery (mainland UK only). Installation service is available (extra cost). Any special offer discounts as show on website pictures can be applied to prices in yellow areas only. Any discounts and special offers are valid until the end of the current month. If you want help with pricing or a variation on the building size/layout/window design please contact the office on 01234 825106 or email: sales@addisonousebank.co.uk and we would be happy to provide a written quote.

Lugarde actively encourage you to design your own buildings. Prima Series can be interlinked to provide almost any combination and can be extended in the future (please advise us if you are thinking of this). All combination buildings need to be at least one board higher. To upgrade from single glazing to double glazing again one board higher all around needs to be allowed for. Please speak to us to help you design your own unique building.

**NOTE:** Due to the strong roofing boards (19mm T&G) both flat and pitched roof Lugarde buildings can be modified to take a 'Real Living Green Sedum Roof'. Extra roof bracing is added in lieu of felt tiles. Please specify this request at time of order.

All buildings can also be Factory Finished in a Translucent Brown (Light Oak), White, Blue-Grey, Green with a colourless base undercoat (providing 2-5 years of protection). Please add on +15% to the building price (does not include floor). Each log is individually treated providing protection throughout. Further top coat paint finishes can then be applied at your leisure.
